  - o   Lost customers by company
  - o   Stockout losses
  - o   Revenue by new customers (Last 12 months)
- Manufacturing:
  - o   Manufacturing
  - o   Manufacturing cost per product
- Order
  - o   Customer order cycle time
  - o   Sales order delivery by schedule
  - o   Perfect order completion
  - o   Returned order percentage value

2.2   Version 10.0.37.1

2.2.1   Business Analytics Suite on Data Lake

This enhancement will allow the users to download and configure the Business Analytics Suites, which includes Finance, Inventory, Production, Project, Purchase, and Sales package, with Data Lake and hence the dependency on the DMS has been removed.

In the *Module* section, a new module named as *Business analytics suite on data lake* will appear that will have a submenu named as *Package.*

On the click of *Package* option, application will prompt a pop-up that will have a list of following BAS packages:

- Finance
- Inventory
- Production
- Project
- Purchase, and
- Sales

There will be an additional package named **Common**, which will contain the components which are application for all the other packages.

To download the package, user can click on the download button next to each package.
